

HEAD OF BUSINESS UNIT

Lowestoft

P&O Maritime (P&OM) is a diverse business with operations in Australasia, Europe, South America and the Middle East & Africa. We provide specialist maritime solutions through ownership, operation and management of a fleet of specialised vessels.

P&O Maritime (P&OM) currently have an open role for an Operations and Technical Manager who will hold the responsibility as Head of Business Unit for the overall management of our vessels under P&O Maritime ownership and management. The overall management will include a requirement to interface heavily with key partners to ensure services delivery.

The Operations and Technical Manager will also be responsible for technical operations of the fleet and oversee the maintenance; repair; budgeting; survey schedules inspections and dockings of the assigned vessels.

Suitable candidates must hold a Class I Chief Engineer Certificate, have at least 5 years shore based experience as Superintendent and demonstrate strong experience in the management of contracts, vessel and shipping operations.

To request a job description or apply for the position please send your CV and cover letter to Niamh Glennon, HC Manager at niamh.glennon@pomaritime.com by 28th April 2017.
